2022 Conference – Call for Submissions

The ASMA conference will be Feb. 16-18, 2022, hosted by Ball State University in Indianapolis, IN. For information about the conference and ASMA, please visit: <http://appliedsportmanagement.org/> Submissions may include empirical research, case studies, conceptual/theoretical work, and teaching-related presentations. Submissions to the ASMA conference should not be concurrently submitted to another conference or have been previously presented at a conference. **The deadline for oral presentation, poster presentation, and workshop submissions is November 15, 2021.**

General Submission Guidelines:

- **Authors' names should not appear on more than two submissions, regardless of co-authorship or type of presentation.** *An exception is made for authors who are serving as an advisor to a student who is submitting research; when listing authorship, the advisor should be clearly identified with the word "advisor" in parenthesis after his/her name.
- All submissions should be sent as email attachments as a Microsoft Word (.doc/.docx) file to the respective chairs of the various submission categories.
- The subject line for submissions should read: "2022 Applied Sport Management Conference Submission".

Oral Presentation and Poster Presentation Guidelines:

- Abstracts should be submitted to Dr. Adam Pfleegor, Conference Academic Chair, via e-mail to adam.pfleegor@belmont.edu.
- Abstracts should be written using the following guide (12-point, Times New Roman font, single-spaced):
 - Page 1: Title Page
 - The title of the abstract should be centered near the top of the page.
 - Below the title, list all author names and affiliations in order of contribution.
 - Centered at the bottom of page one, provide the principal author's contact information: mailing address, e-mail address, and telephone number.
 - Page 2: Abstract Page
 - Do not place author names or affiliations on this page.
 - The title of the abstract should be centered at the top of the page.
 - Listed below the title and aligned to the left of the page, indicate your preferred presentation format: (a) oral presentation or (b) poster presentation. Due to space and/or time limitations, some submissions may be offered a poster presentation in lieu of an oral presentation.
 - Below the type of presentation, provide your abstract. **Abstracts are limited to 500 words (including references).** The abstract should include text only (no tables/figures). Authors should try to be parsimonious with the use of citations in the abstract; however, any citations should be accompanied by a corresponding reference at the end of the abstract.
 - Given the applied focus of the conference, authors should make sure to specifically discuss the implications of the research for practitioners in sport.

50-minute Workshop Session Guidelines:

- Submissions in this category should be sent to Dr. Adam Love, Workshop Session Chair, via e-mail to adamlove@utk.edu
 - Workshop sessions will consist of approximately 50-minute sessions focusing on teaching workshops/roundtables.
 - Workshops/roundtables: **Submissions should provide a 1-2 page description** of the focus of the workshop, the intended target audience, proposed session content, and participant/facilitator bios.
-

Graduate Student Research Competition:

- In order to be considered for the graduate student research competition, students must:
 - Be an active/current graduate student at the time of the conference.
 - Prepare an abstract for an oral presentation following the guidelines provided above.
 - Only **single-author submissions with a faculty advisor** will be accepted.
 - The research submitted in the competition should not have been presented previously or entered in any previous competitions.
 - In addition to the abstract submission, students who wish to participate in the research competition should complete the authorship declaration form attached to the e-mail.
 - The abstract and authorship declaration form should be submitted to Dr. Wonyoung Kim at Wonyoung.Kim@wichita.edu.
 - Three submissions will be selected as finalists, with a winner determined following oral presentations at the conference.
 - All three finalists will receive a \$100 conference stipend (the equivalent of registration cost), while the winner will receive an additional prize of \$200 and a plaque in recognition of the award. Submissions not selected as finalists may still be offered the option of giving an oral or poster presentation at the conference. For questions about the student research competition, contact Dr. Wonyoung Kim (Wonyoung.Kim@wichita.edu).
-

Undergraduate Student Research Poster Competition:

- In order to be considered for the undergraduate student research poster competition, students must:
 - Be an active/current undergraduate student at the time of the conference.
 - Prepare an abstract for a poster presentation following the guidelines provided above.
 - Only **single-author submissions with a faculty advisor** will be accepted.
 - In addition to the abstract submission, students who wish to participate in the research competition should complete the authorship declaration form attached to the e-mail.
 - The abstract and authorship declaration form should be submitted to Dr. Wonyoung Kim at Wonyoung.Kim@wichita.edu.
 - Three submissions will be selected as finalists, with a winner determined following poster presentations at the conference.
 - All three finalists will receive a \$100 conference stipend (the equivalent of registration cost), while the winner will receive an additional prize of \$100 and a plaque in recognition of the award. Submissions not selected as finalists may still be offered the option of giving a poster presentation at the conference. For questions about the student research competition, contact Dr. Wonyoung Kim (Wonyoung.Kim@wichita.edu).
